

Changing the lives of homeless young people

Working with **passion** and **integrity**, Stay helps young people in times of crisis. Through our network of support and housing we then work with them through any issues relevant in their lives at the time, enable them to develop the skills they need to live independently, and **inspire** them to achieve their aspirations.

Stay introduced the **Homeless Outreach Co-ordinator** as an outreach service to promptly assist people finding themselves homeless, into services offering accommodation and support.

The co-ordinator will make contact, assess each individual's needs and assist in finding both short and long term solutions to meeting those needs.
